Information about the number of bids received is included to show:

Vendors which contracts would benefit from more competition.

Assure our customers that we sought the best overall value through as many competitive bids as possible.

WSCA

The Western States Contracting Alliance (WSCA) creates multi-State contracts in order to achieve cost-effective and efficient acquisition of quality products and services. WSCA contracts maximize cost avoidance, reduce individual state administrative costs, and encourage market competition and product availability through standard specifications and consolidated requirements. WSCA contracts are available for use by public agencies when approved by the State Purchasing Director.

Performance Based Contracting:

Performance-based contracts identify expected deliverables, performance measures or outcomes; and payment is contingent on

their successful delivery. Performance-based contracts also use appropriate techniques, which may include but are not limited to, consequences and/or incentives to ensure that agreed upon value to the state is received.
